### THE LINCOLN STONE CUTTERS.

They Make Some Pointed Remarks on the Court House Contracts.

WHY WERE THE CHANGES MADE?

The Corner Stone of the Hastings Asylum to Be Laid To-Day-Fighting the Prohibs - Mayor Sawyer's Assailant.

LINCOLN BUREAU OF THE OMARA BEE, ) 1020 P STREET, LINCOLN, July 24.

Public contracts are of public interest. There is no exception to the rule. They have to do with the use and disposition of public money. During the past few weeks there has been more or less said in the city there has been more or less said in the city of Lincoln regarding the changed condition of the original contract made between the commissioners and W. H. B. Stout providing for the crection of a new state house. Whether the changes have been wise or unwise the future alone can determine, but it is certain that they have provoked adverse criticism. The stone cutters of the city have grievances and they tell them very pointedly, as follows: and they tell them very pointedly, as follows: "Some few months since the contract for the erection of the Lancaster county court house was let to W. H. B. Stout, calling for red Colorado sandstone to be used in the superstructure of said building, the upper stories to be ribbed of smooth fare work. The above were the conditions on which Mr.

Stout received the contract. Since the letting of the contract the county commissioners and Mr. Stout have seen fit to enter into contract No. 3. "The commissioners have allowed Mr. Stout to change the quanty of the work from smooth face to rough face work, and for so doing the commissioners have agreed to pay Mr. Stout a sum not to exceed 22; cents per foot, or equal to \$3,108, thus paying him this amount for a quality of work which cost him four times less than would this same amount of work on the original contract. In other words, the commissioners are making a present to Mr. Stout of about \$12,000. After having those changes made Mr. Stout has in-duced the commissioners to rescind their action on the original contract as regards the red Colorado sand stone and adopt the blue Ohio stone in its stead. As regards the failure of the Colorado stone company not agreeing to or not signing the contract for the stone, there was at the time this change was made red Colorado stone on the cars at Lincoln. The question to be put to the public is whether the county commissioners have the power to rescind their actions on contracts let at public expense at any time. If so, why cannot the commissioners when they see an error rescind their action on this contract where an error really does exist. The public shall be the judges whether it is an error or a fraud for the commissioners to make a private contract with Mr. Stout to pay him this amount extra for an inferior quality of material and inferior work. When the above condition of affairs was learned, a tax payer of the county and city who is a stone cutter by trade and who has been a resident of this city and county for twenty years, called on the commissioners and desired to see the contract, which he claimed was public and he had a right to examine it if he to desired. This providers the commission public and he had a right to examine it if he so desired. This privilege the gentleman was denied, as the county clerk and county commissioners claimed it was a private matter. In addition to the above there was a petition gotten up at at the time the contract was to be let and signed by a great many of the best citizens and merchants and business men of the city and presented to the commissioners for their and presented to the commissioners for their consideration. This petition has been will-fully ignored. This petition asked the citifully ignored. This petition asked the citizens, merchants and tax payers for their assistance in bidding the contract to have the work done in the city of Lincoln. We have since learned from Mr. Stout that he has contracted with the Onio stone company to have it shipped here all ready to put in the walls, thus defrauding our merchants of Lincoln of a considerable amount of money which would necessarily be spent here by mechanics and laborers employed in cutting mechanics and laborers employed in cutting stone. If the commissioners who hold offices of trust for the good and welfare of the tax-payers of Lancuster county feel unjustly

"STONE CUTTERS COMMITTEE." CORNER STONE LAYING.

The corner stone of the new asylum for the Incurably insane at Hastings will be laid to-morrow. The board of public lands and buildings, accompanied by General Cole, left buildings, accompanied by General Cole, left this afterhoon over the Burlington to participate in the exercises, which will be under the direct auspices of the Masonic fraternity. A large delegation of Lincoln citizens will also attend. This home for the incurably insane is among the needed state institutions of the state, and its completion and dedlention should be hurried with all possible speed. The board will go from Hastings to Kearney to visit the reform school.

He will divide time with prohibition speakers at any of his appointments, and says that he will give them facts and statistical problems to crack that will keep them from throwing slush at either of the old parties. Nunnally is the only public man in the country who is devot-ing his whole time to answering the claims of

WHA ANSWER TO THE COURT.

"Doc." Porter was arraigned before Judge Houston this moraing at 9 o'clock on the charge of assaulting Mayor Sawyer with intent to kill. He entered the plea of not guilty, and the preliminary hearing was adjourned until 1 o'clock, R. D. Stearns appearing for the state and C. E. Magoon and D. G. Courtnay for the defeuse. The mayor was unable to be present owing to the serious nature of the injuries he sustained from the unable to be present owing to the serious nature of the injuries he sustained from the attack, yet he is not considered dangerously hurt. The evidence on the part of the state was such that it left little doubt of the deliberate, malicious and cowardly nature of the assault. It was wholly without provocation. But evidence was introduced to show that the as satinat was in a condition of drunkenness. The reasonable conclusion from the testimony is that Porter assaulted Mr. Sawyer because he refused to appoint him to a posibecause he refused to appoint him to a posi-tion on the police force of the city. Dr. Lowry, the mayor's attending physician, testified that some of his teeth were loos-ened from blows be received, and that he was bruised about the hip from a hard kick that almost made him helpless. The witness could not tell just how serious this hurt The court bound Porter over to answer to the district court on the charge of assault with intent to kill.

William Gleason was arrested this morning charged with running gambling rooms in the Potvin block, and will have a hearing before Judge Stewart next Thursday. He is held for appearance under \$400 bonds. Attorney General Leese and Secretary Lamb returned from Tecumseh to-day, where they yesterday attended the exercises of lay-ing the corner stone of the new court house

Street paving is again at a standstill. The supply of blocks failed to hold out. Sand is a scarce article. The streets are torn up in every direction. Business men are indignant. Visitors make wry faces and caustic remarks over the condition of the streets, but with no apparent effect. It is certain, in this regard, that the mills of the gods grind exceedingly slow.

regard, that the mills of the gods grind ex-ceedingly slow.

The city council has taken up the meat question. It is time. Citizens have been paying for meat unfit for the table of a na-tive Mexican. They did it because they could not do better. Dealers here have been buying stock for low prices and dressing and selling for first class meat. An inspector is needed. One should be appropried. There is needed. One should be appointed. There is no earthly reason why the tables of the city should not be served with a good clean, healthy class of meat. Ordinary sanitary laws demand it.

#### AFTER SIX YEARS.

A Captured Forger Passes Through

Omaha Yesterday. Police Captain Henry A. Barnes, of San Jose, Cal., passed through Omaha yesterday on the Union Pacific train having it custody one George M. Parker, formerij cashier of the San Jose National bank, who about six years ago abscomied, leaving his secounts short by about \$6,500. Parker went to Canada, leaving his wife and two children behind him. In a short time afterward they joined him and for a year or two lived in Windsor, opposite Detroit, Mich. Pinding that no especial effort was being made to apprehend him, he removed to Pleasantville, a small town in Fairfield county. where he opened a country store. Here h continued in business up to the time when he was arrested, about two weeks ago. His discovery was the result of a visit made by a young man named Norman to the Ashbrooks, a wealthy family living at Pleasantvile. Young Norman knew Parker by sight, and on the first evening after his arrival, in police parlance, spotted him. He immediately caused his arrest and notified the authorities at San Jose. Captain Barnes immedi-ately obtained a requisition and went after his man, returning yesterday to Omaha. his man, returning yesterday to Omaha The prisoner was very much dejected, and while he has considerable money and could easily south the amount of the shortage, afraid the bank officials will not comprose the matter. His wife and children are yet i Pleasantville, but will join him in a fee days, the former now being engaged in se tling up the business of the store in order to permit of her leaving until after the trial of

QUEEN OF THE LAKE. A Chicago Belle Startles the Manawa-

ites By Her Diving,
A small company of gentlemen and ladies from this city left the Union Pacific depot or the 5:15 dummy last night for a dip in Manthe 5:15 dummy last night for a dip in Man-awa. An early dinner had been caten and the party on arriving at the lake repaired at once for the bathing beach. Shortly after their arrival they were in their bathing suits and a moment later were floating about on the surface of the water. Only a small company of gentlemen and ladies were on the beach. The sun had not gone down and the lights along the shore were not yet cast-ing their rays across the water. The spring board was soon the attractive feature for the young men of the party and they were diving young men of the party and they were divin far out into the take from it. "Come an dive once," said one of the young men to the on the shore the handsome form of one on the shore the bandsome form of one of the young ladies was seen emerging from the water and approach the long high board. The beautiful white bathing suit with its blue trimmings, and the lady who wore it were soon well out onto the board. "Don't go out so far," shouted a lady on the shore. When the end of the knees was made, the gentle bending of the knees was made, the hands thrown together over the head and the spring was made. The diver disap-peared head-first into the deep water of the lake, and came up a moment later far from the end of the leaping place. A graceful swimming position was assumed at once, and a moment tater the heroine of the lake was among her friends again. The ladies on the shore gave her a round of ap-plause, and during the rest of the evening she was the centre of attraction both in the water and on the shore. She is the first lady who has dived off the high spring board this season. Her friend, who is prominent in Omaha society, also made the leap for fun, and swam back to the shore. The performance was repeated a number of times during the evening. It can well be said of the com-pany that they were the most admired of any that have seen at Lake Manawa this season.

BOOK TO MEN, FREE,

Upon Private, Special or Nervous Diseases, Impotency, Syphilis, Gleet and Varicoccle, with question list. My Reason for Writing a Book Upon Private, Special and Nervous Diseases.

I have for many years made a specialty of diseases of the urinary and sexual organs, have become a recognized authority upon the subject, consequently I receive an immense number of letters from physicians and afflicted persons, asking my opinion and advice upon individual cases. For the benefit of such persons, I have written a book, giving a general description of the most common diseases and conditions, my treatment, success, advice, etc. After reading it, persons will have a clearer idea of their condition and can write me more intelligently and to the point. It will therefore be seen that our object in writing these pages is not to jurnish reading matter to a class or persons who read our of mere idle curiosity, but for the benefit of the many who are suffering to a greater or less degree from diseases, or the cliects of diseases or abuses, of the sexual or urinary organs. Not a day passes but we receive many calls or letters from persons suffering from this class of diseases, or their sequel. Many of them are ignorant of the cause of the difficulty that has wrecked their constitutions, thrown a cloud over their bright prospects and is shortening their days.
